GW Research Days
A Showcase of Research, Scholarship, and Creative Endeavor
March 28 & 29, 2012

Call for Abstracts

Undergraduate, graduate, and postdoctoral students have the opportunity to showcase their work and compete for prize money at the 17th Annual Research Days. This event is dedicated to highlighting the breadth of research, creative scholarship, and cultural discovery on issues of major disciplinary, multidisciplinary, and global significance being done at GW by students and postdoctoral researchers.

Abstracts should be submitted by **February 29, 2012**. Abstracts are required to have advisor approval.

Highlights

- Two-day event featuring poster presentations and keynote speakers
- Day one focuses on health and medicine topics
- Day two focuses on arts, business, engineering, humanities, law, sciences, and other topics
- For a detailed definition of “research” and other important information, please visit the “Frequently Asked Questions” included on the [Research Days site](http://research.gwu.edu/newsevents/events/researchdays2012).

Important Information

To participate, you are required to submit an abstract (a 300-word summary) of your research by **February 29, 2012**. Review the instructions and complete the electronic abstract submission at: [http://research.gwu.edu/newsevents/events/researchdays2012](http://research.gwu.edu/newsevents/events/researchdays2012)

If your abstract is accepted, you are required to make a poster (or equivalent presentation) for the designated day. Monetary prizes will be awarded to the best presentations as determined by faculty judges.

For more information, we encourage you to visit the [Research Days site](http://research.gwu.edu/newsevents/events/researchdays2012), or contact askovpr@gwu.edu

*The Research Days event is sponsored by the Office of the Vice President for Research and the Office of the Provost.*
